tial costs are paid directly to the beneficiary, this year JJ Bailey. We thank you for any contribution or sponsorship you may entertain. All payment information is included in the invoice.

The event takes place June 4 at Lake Washington, Mississippi. We try to be completed with sponsors, donations and raffles by the first of May in order to have all the info we need for banners, media and ads. Thank you for your consideration. For more information, please call me at 769-798-7253.

PHS Medical Science Academy students learn about neonatal care

Special to Pelahatchie News

The Pelahatchie High School Medical Science Academy (MSA) students had an opportunity to learn about neonatal care from specialist Melanie Ellis, Nurse Practitioner at the University of Mississippi Medical Center. Ellis taught the students about care of premature babies in need of the most advanced medical care to save their lives. MSA students saw and handled tiny blood pressure cuffs, oxygen tubes, oxygen masks, feeding tubes and other necessary equipment to help save a premies life. Pictured (l to r) first row, are: Mickey Jennings; Ava Till; Abigail Brown; Isabel Brown; Brooklyn Coghlan; and Guest Speaker Melanie Ellis, NP; second row: Aaliyah Coghlan; Hayden Johnson; Amelia Griffin; Jessie Stewart; Benjamin Burnham; Sam Till; and Kaden Alvarez.

PARTS OF THE MEDICAL MARIJUANA LAW THAT YOU MAY NOT KNOW ABOUT

Multiple marijuana dispensaries will be allowed to open in a city or county.

No Pharmacy will be involved.

Besides a regular Physician, a Nurse Practitioner, Physician Assistant, or Optometrist may also ok its use.

Products that can be vaped or ingested can be sold.

Dispensaries will be allowed to sell products that are labeled extremely potent.

The requirements that a person be a resident of Mississippi and a citizen of the United States for three years prior to application for a license for cultivation and processing facilities (this is for the larger facilities) are removed December 31, 2022.

One individual can receive up to 21 grams per week which can equal to about sixty five joints (this can add up with multiple individuals).

Can be administered in schools and child care facilities.

Once these entities are approved in a city or county, there is no getting rid of them no matter how they might turn out.

PROTECT YOUR COMMUNITY, ASK YOUR LEADERS TO REJECT THE MEDICAL MARIJUANA LAW
